Fall Leaf Collection

The Public Works Department will begin its annual Leaf Collection Program on October 15, 2012. Leaves must be placed in the street by noon on Monday of your specified pickup week to guarantee collection during that week. Leaves placed in the street after that final collection is made will not be picked up until your next scheduled week of collection.

Leaf pickup is scheduled for Monday through Friday according to the following schedule:

For residents West of Riverwoods Road

October 15 to October 19
October 29 to November 2
November 12 to November 16

For residents East of Riverwoods Road

October 22 to October 26
November 5 to November 9
November 19 to November 23

Please be careful not to mix foreign materials such as brush, garden waste, tree limbs, vines, lumber, etc. with your leaves. Materials such as these can cause equipment failure or injury to the operator or nearby citizens.

Due to the large volume of leaves, Public Works crews can only pick up leaves on one side of the Village each week. It is important to follow the schedule and not place leaves in the street for more than two to three days before your scheduled week of pickup. You may rake your leaves and place them on the parkway near the curb as shown in the picture, then rake them into the street during your scheduled week. Leaves raked in the street during off scheduled weeks become a fire hazard and can obstruct drivers' view of children at play. They also block the storm sewer inlets causing localized flooding. Please notify your landscaper, if applicable, of the Village's leaf pickup schedule.

Your cooperation is vital to the success of this program. Please contact Wendy at the Public Works Facility at 847.913.2380 if you have any questions regarding this program.

Community Development

NEW BUSINESSES

The Village would like to welcome the following three businesses that have recently located in our Village:

Gibraltar Corporation

Gibraltar Corporation (www.gibraltar8.com), the exclusive North American dealer for Simco Spring Machinery Co. Ltd (a Taiwan-based company), has relocated its office from Buffalo Grove to 105 Schelter Road, Suite 206.

Huber Financial Group

Huber Financial (www.huberfinancial.com) now operates at 475 Half Day Road, Suite 210, in the Millbrook Business Center. The firm provides financial services, including wealth and portfolio management. They can be reached at 847.541.6888.

Zizzo Racing

Zizzo Racing (www.zizzoracing.com), a local racing company with long-standing roots in the Lincolnshire community, has relocated its business to the facility at 121 Schelter Road.

Shop, Dine, Play, Visit, Work, And Stay in Lincolnshire

The Village would like to invite you to experience what Lincolnshire has to offer through its unique assortment of shopping, dining, accommodation, employment and service opportunities. Experiencing Lincolnshire reinvests the sales tax dollars right here at home to support and maintain essential community and Village services such as police, parks, and public works, in addition to helping you save time and money on travel. It also promotes a sense of community by building relationships with the businesses that provide goods and services and are strong supporters of local community and non-profit events, while encouraging other businesses to seek out Lincolnshire as a business destination.

If you would like to obtain a copy of the Shop & Dine Guide, please stop by the Village Hall during our normal business hours, 8:30 a.m. - 4:30 p.m., Monday through Friday. You can also download the Guide from the Village's website at www.village.lincolnshire.il.us/business/shop-dine-guide.

Environmental & Trees

Want to Start a Community Garden in Lincolnshire?

The Village of Lincolnshire will hold a public meeting on Thursday, October 4, 2012 at 7:00 p.m. in the Community Room at the Village Hall.

This meeting will be to gauge public interest and discussions regarding the possible implementation of a Community Garden. Additionally, this will be an opportunity for residents to discuss issues such as site locations and site considerations related to the planning of a Community Garden.

Any questions should be directed to Brad Woodbury, Assistant to the Director of Public Works at 847.913.2361.

Tree Credit

Residents who purchase and plant trees on their property can get credit for those trees. A record will be kept in the resident's property file of the trees that are planted. Should the resident need to remove a living tree from their property at a later date, they can get credit for the trees they have planted. This credit will reduce any bond which may be required for the removal of the tree.

If you have questions about the Tree Credit Program, please visit the Village website at www.village.lincolnshire.il.us and search on "Private Property Tree Credit Program."

Community Rating System

The Village of Lincolnshire has been a member of the National Flood Insurance Program's Community Rating System since 1992. The CRS program is a voluntary auditing program that is used to assure our residents that the Village meets or exceeds the requirements of the NFIP. The CRS measures the Village's activities relating to the floodplain and rewards communities which have strong floodplain ordinances and who take a proactive stance against flooding. The CRS assigns credits to a variety of activities taken to ensure appropriate floodplain management measures are implemented. A main criterion of these activities is that the Village achieves a Building Code Effectiveness Grading Schedule of 5 or better. Lincolnshire has maintained a high grade of 3 since 2001. Credits in the CRS program are totaled and put into classifications with Class 10 being the lowest classification and Class 1 being the highest. The Village first achieved a Class 9 rating upon initiation. Since 2005, the Village has been a Class 5 community.

Residents who purchase flood insurance for structures located in the floodplain are currently eligible to receive a 25 percent discount on their flood insurance premiums under the Village's Class 5 rating. Structures located outside of the floodplain receive a 10 percent discount on premiums. Preferred Risk Policies do not receive discounts.

For more information on the CRS program, visit www.fema.gov/business/nfip/crs.shtm, or contact Jennifer Hughes at 847.913.2362.

Finance

Automatic Pay for Water/Sewer Bills

Did you know that you can pay your water/sewer bills by an Automatic Utility Pay method through direct debit from your bank? Money to cover the amount of your water bill must be in your bank account on the bill's due date. You'll be able to tell if your payment will be credited to your account by looking at your bill. It will state "Auto-Pay". This means the amount of the bill will be automatically deducted from a personal account you have specified. Of course, our regular method of mailing water/sewer bills will continue for those not interested in "Automatic Utility Pay", but we encourage you to "sign up"! If you want more information regarding this method of paying your water/sewer bills, please contact Nancy Panos, Water Billing Clerk, at 847.913.2302.

Senior Citizen Tax Relief

If you are a senior citizen, sixty-five years or older, residing in a single-family residence, individual condominium or townhome upon which you are obligated to pay real estate property taxes, you may be eligible for senior citizen tax relief. The amount to be refunded to you from your Lake County property tax bill will be the dollars paid to the Village of Lincolnshire Pension Funds. To qualify, your total adjusted gross income (which is the total dollars you receive from any source - dividends, pension, Social Security, etc.) CANNOT exceed the number the IRS designates as the maximum allowable Social Security benefit a household can receive. For example, in 2012, the maximum allowable social security benefit is \$45,240. Therefore, to receive the senior citizen tax relief from your 2011 Lake County property tax bill, your total household income cannot be higher than \$45,240. The application deadline is December 31, 2012.

For more information, contact Sheri Beck, Account Clerk Supervisor, at 847.913.2301

Budget Process for Fiscal Year 2013

We have begun working on the new Budget that will guide the Village from January 1, 2013 through December 31, 2013. The following dates have been tentatively scheduled for resident input into this process:

Monday, September 10th

Residents and representatives of Village organizations are encouraged to attend this Committee of the Whole Meeting if there are particular projects or priorities they would like the Board to consider for Fiscal Year 2013. If you cannot attend, you may send a written request to the Village Manager.

Month of November

The Mayor and Board of Trustees will establish special meetings during this month and will discuss a draft Budget. This draft, which will be available at the Village Hall and the Vernon Area Public Library for your review as of October 12th, will include personnel, programs and capital expenditures.

Monday, November 12th

The Budget will appear as an item for discussion on the Committee of the Whole Meeting Agenda. This will be your opportunity to comment on the document and on discussions by Board members at the previous weeks Budget meetings.

Final Budget consideration and approval is expected to occur on December 10, 2012.

Please watch for future articles on our website, www.village.lincolnshire.il.us, for information regarding dates and times of additional meetings.

Call Brad Burke, Village Manager, 847.913.2335 or Stan Roelker, Director of Financial Systems, at 847.913.2303 with any questions regarding this process.

News & Information

Trick or Treat in Lincolnshire

Official Trick or Treat hours in the Village will be between 4:00 p.m. and 8:00 p.m. on Wednesday, October 31, 2012. Please make sure your children observe these hours. Check the home page of the Village's website at www.village.lincolnshire.il.us for Halloween Safety Tips.

Wastehauler Pick-Up

Because Labor Day falls on Monday, September 3, 2012 single family residential homes' garbage and recyclables will not be picked up by Waste Management on the normal pick-up date, but on Thursday, September 6, 2012.

Daylight Saving Time Ends

Don't forget to turn your clocks back one hour on Sunday morning, November 4, 2012. It is also a good time to check the batteries in your smoke and carbon monoxide detectors.

Sump Pump Discharge

The Village Code requires that residents disconnect sump pump discharges that flow to the street and redirect the flow onto their own property between November 1st and April 1st. This is done to prevent ice buildup in the streets which could create a hazard to both motorists and pedestrians alike, as well as cause excessive damage to our roadways and snow removal equipment.

Clean Your Grates

In the fall and spring, and after heavy rains, be sure to check the storm sewer grates on the street by your house and in your yard. Grates clogged with leaves and trash can cause flooding. Please remove the debris away from the grate. If the debris is large, contact Wendy Moderhack at the Public Works Facility at 847.913.2380 to request assistance.

Spring Lake Beach Closes

There are no lifeguards at Spring Lake Beach! When lifeguards are not present, children under the age of 17 are allowed to swim only with the supervision of an adult. This is a state regulation and one which the Village supports. Spring Lake Beach will be closed for swimming from October 1st until Memorial Day weekend! For more information contact Brad Woodbury at 847.913.2361.

- **Waste Management North is the single waste hauler for most residents in Lincolnshire.** If you have questions or problems, the waste hauler can be reached at 800.796.9696 or 630.724.8400. However, if you are a member of a Homeowners' Association, your home is not necessarily covered by Waste Management North. Check with your Homeowners' Association for more information.

- **If you have any old major appliances you wish to discard, call Waste Management.** For a fee they will take them away.

- **Problems with Comcast Broadband Cable?** Call Comcast Customer Service Department at 866.594.1234. Comcast Internet - call 888.262.6300, and Comcast Telephone - call 800.266.2278. Unburied cable? If you don't get satisfaction, contact Leslie Ulibarri at the Village of Lincolnshire at 847.913.2336.

- **North Park Hot Line** - On days with questionable weather, call the North Park Hot Line for field conditions at 847.913.2375.

- **Drop Mail Box at the Village Hall** - If you need to mail something to the Village, it might be easier (and less expensive) to drop it off at the Village Hall. There is a "Drop Box" in the circle at the front of the Village Hall, One Olde Half Day Road. Staff checks it daily.

- **Flood Insurance Rate Maps** - The FEMA Flood Insurance Rate Maps are available at the Village Hall for public review. Call Rob Horne, Engineering Supervisor, at 847.913.2366.

- **Flood Information Available** - Technical advice on how to protect your home from flooding is available at the Village Hall. Come in to view available resources, or call Rob Horne, Engineering Supervisor, at 847.913.2366.

- **Benchmarks Available** - The Village of Lincolnshire has obtained elevation reference marks (benchmarks) for several locations throughout the Village. If you plan to have survey work done, or are interested in knowing the elevation of the marker closest to your property, please call Rob Horne, Engineering Supervisor, at 847.913.2366.

Police

DEA NATIONAL DRUG TAKE BACK INITIATIVE

The Lincolnshire Police Department will be participating in a second U.S. Drug Enforcement Administration National Take Back Initiative scheduled for Saturday, September 29, 2012 from 10:00 a.m. until 2:00 p.m. The initiative is a collaborative effort between the DEA, state, and local law enforcement agencies focused on removing potentially dangerous controlled substances from our nation's medicine cabinets. The national take-back day provides another opportunity for village residents to safely dispose of expired, unwanted, or unused pharmaceutical controlled substances and other medications. During last April's take-back initiative, village residents disposed of 74 pounds of liquid and solid drugs. On a national level, 552,161 pounds of unwanted or expired medications were turned in by citizens.

Drug collection will take place at the Village of Lincolnshire Village Hall, One Olde Half Day Road. Citizens will be directed to discard their own medications into one of the containers provided. Officers will not handle, count, inventory, or log medications. This program is anonymous and no effort will be made to identify persons disposing drugs. Police personnel will be present merely to safeguard the surrendered drugs.

Controlled, non-controlled, and over-the-counter substances will be collected. All solid dosage pharmaceutical products and liquids in consumer containers will be accepted. Liquid products, such as cough syrup, should remain sealed in their original container. Please ensure that the cap is tightly sealed to prevent leakage. Participants may dispose of solid medication in its original container or by removing the medication from its container and disposing of it directly into the disposal box. You are not required to remove the Rx labels from the bottles. All material collected, including the Rx vials, will be incinerated.

Used intra-venous (IV) solutions, injectibles, and syringes will not be accepted due to the potential hazard posed by blood borne pathogens. No needles at all, please. Illicit substances such as marijuana or heroin are not part of this initiative and should not be placed in the collection containers.

CITIZENS POLICE ACADEMY

The Lincolnshire Police Department will be hosting a Citizens Police Academy beginning October 2, 2012 and continuing through December 4, 2012. The 10-week program is designed to provide citizens in the community insight into the functions of the Lincolnshire Police Department and allow them to learn firsthand the responsibilities of law enforcement personnel. Classes will be held Tuesday evenings from 7:00 p.m. to 9:30 p.m. There is no fee for the academy.

The objective of the academy is to provide an educational program to citizens in the community that will foster a positive relationship between citizens and the police, increase communication, and create a more realistic view of the law enforcement profession.

Program topics will provide an overview of the various aspects of police work performed by the Lincolnshire Police Department. Some of the topics that will be covered include traffic enforcement, use of force, and crime scene investigation. In some classes, citizens will have an opportunity to take a hands-on approach to learning and participate in practical exercises.

The program is open to residents and business people in the Village of Lincolnshire. Participants must be at least 21 years of age. Applications can be obtained at the police department during regular business hours or online at www.village.lincolnshire.il.us.

For additional information, contact Academy Coordinators Sergeant Jamie Watson or Officer Thomas Branick at 847.883.9900.

Public Works

Village-Wide Emergency Telephone Notification System

Getting the word out to the residents and businesses within the Village of Lincolnshire of a critical situation or an emergency in a timely and efficient manner is of utmost importance. There have been times in the past where due to a watermain break the Village has issued a "boil order" for drinking water until the pipes were fixed; a missing person was reported; for emergency road closures; Des Plaines River flooding reports; or wide-spread power outages.

The Village utilizes BLACKBOARD-CONNECT Community Notification System. This system is capable of placing thousands of telephone calls within a matter of minutes. The confidential database of telephone numbers is provided and maintained by Blackboard Incorporated and updated monthly. There are no equipment purchases required by the Village and the beauty of this system is the cost to the Village is a little over \$2 per year per household.

Like any system, it is only as good as the information in the database. WE NEED YOUR HELP!!!

If you have an unlisted or unpublished telephone number, there is a very good chance you are not in the database. We need and want you IN! While you may opt not to be in the system, why would you? Please be assured your information will not be released to anyone, and the Village will not "cry wolf" and overuse the system. It will be used for emergencies and exigent circumstances only.

Here's how the BLACKBOARD-CONNECT notification system works. In the event of a notification, the system will dial the PRIMARY telephone number for the residence or business and relay a recorded message advising of the emergency or exigent circumstance. If the telephone line is busy or there is no answer, the system will automatically make three (3) re-try attempts. If the line is still busy or there is still no answer after the third re-try, the system will disregard any further calls. If the telephone is answered by an answering machine, a recorded message will be left. The system is also capable of calling a SECONDARY telephone number such as a cell phone or sending a message to an E-Mail address. Each residence can have any or all three of these contact numbers called and we encourage you to do this. Keep in mind that if the power lines are down, the telephone wires may also be down. We encourage you to provide us a cell phone number or email address so that you still can receive these messages even if the telephone wires are down.

When the message is sent to an E-Mail address, it is sent as a .WAV audio file which can be played through your Windows Media Player. The Windows Media Player is included with the Windows operating system, or it can be downloaded from the Microsoft Website. While the secondary phone and E-mail are optional, we really need your primary house telephone number at a minimum. Please be assured that this information will be used by the Village of Lincolnshire for official business only and will be confidentially maintained and not disseminated.

If you would like to add a secondary number or E-mail address, please visit www.village.lincolnshire.il.us/news-updates/news-and-tips/connect-cty to enter your information. We will then update the database with your personal information. If you do not have Internet access, we can enter the information for you. Contact Chief of Police Peter Kinsey at 847.913.2341 and he will be glad to assist you.

We hope that everyone takes advantage of this community safety program. It is an excellent way to be directly in touch with the Village. This system will not take the place of the emergency warning siren system. As a reminder, if you hear a steady 3-minute siren, a tornado is in the area and you should take shelter immediately.

If you receive a notification message, please do not call the police department as our lines will be swamped and we won't be able to receive normal calls. You can always go to the Village's website for further information or follow the instructions in the message on how to replay the message. Should you require any further information or have any questions, please contact Chief of Police Peter Kinsey at 847.913.2341.

Public Works

Hydrant Flushing

The Village Water Department will be flushing fire hydrants throughout the water distribution system during September. Flushing will be done intermittently from 6:30 a.m. to 3:00 p.m. between September 10, 2012 and September 28, 2012 excluding Saturdays and Sundays. The flushing of the fire hydrants serves several purposes: it cleans the pipe lines throughout the system, increases the amount of flow capacity, and allows department personnel to inspect the operation of each hydrant.

Please refrain from washing laundry during these hours as clothing could become stained.

If you have any questions regarding this program, please call the Public Works Department at 847.883.8600, Monday through Friday, between 8:30 a.m. and 3:00 p.m.

Power Outage Information

If your lights flicker or you have an outage, please contact ComEd first at 1-800-EDISON1 (that is 1.800.334.7661). ComEd will not know that there is an outage at your house unless you tell them. Even then, you should continue to call them each day that your service remains out. ComEd may have taken steps to restore the main lines feeding your area, but there may still be a downed line in your neighborhood which is unknown to them. For faster customer service, have your account number handy. You may wish to save this information in a smart phone for easy access. You can also get text alerts about outage information and estimated restoration times with ComEd's FREE Outage Alert. ComEd's Outage Alert program will text you with important information affecting your service. For more information on this program, visit www.comed.com/customer-service/outage-information/Pages/report-an-outage.aspx

After you have contacted ComEd, send the Village an e-mail too. You should include the following information in your email: Name, Address, Type of Incident: Outage,

Building Construction in the Floodplain or Floodway

Structures located in the floodplain or floodway are subject to additional building regulations designed to protect not only the structure but also the floodplain. If you are contemplating a modification to your existing home, contact the Village before starting your design so that you understand the regulations before you get too far along in the process. Please remember that ANY modification to a structure in the floodplain may require a permit.

You may be able to construct an addition to a structure in the floodplain. In general, the cost of the addition must be less than fifty-percent of the value of the structure itself. This regulation is known as the Substantial Improvement rule. It is designed to limit the exposure of damage to structures in the floodplain. If the cost of the proposed addition would exceed the fifty-percent threshold, then the entire structure must be brought into compliance with the floodplain regulations.

Additions to structures in the floodplain may be located above the existing footprint or may expand the footprint of the structure. If the footprint is expanded, the additional area must comply with the floodplain requirements, which typically require that the addition be elevated. You may not expand the footprint of structures in the floodway. For more information, contact Jennifer Hughes, Village Engineer, at 847.913.2362.

Surge or Flickering; Date of Incident, Duration of Incident; Contact information (e-mail or phone number) where we may reach you if we have questions about the incident. We will use the information gathered to identify problem areas and will work with ComEd to improve service. The e-mail should be sent to electricity-outage@village.lincolnshire.il.us

Public Works

Emergency Preparedness in the Village of Lincolnshire

The Village's Police Department and Public Works Department have the primary responsibility for responding to emergencies within the Village. The lead department is assigned based upon the circumstances of the event. The departments work closely with the Village Manager's office, other departments, and local, county, state and federal agencies.

There are several steps that YOU can take to protect yourself in the event of an emergency.

Preparation

- Establish a personal emergency response plan for your family.

What will you do if a fire hits your house?

What will you do if there is a flood?

What will you do if you have to evacuate your home for a day? Many days?

If you have a pet, how will you care for them during the emergency?

- Establish a pre-arranged safe area in your home for emergencies. The safe area in your house should have flashlights, drinking water, and a battery operated radio ready for this type of emergency. Weather warning radios are available at most electronic stores.
- Practice your family's emergency response plan. Discuss the plan with your children. Modify the plan as your family changes.
- Take the time to set aside the following basic supplies in case of an emergency:
Battery-operated radio and extra batteries; one gallon of water per person; flashlight and extra batteries; first aid kit and manual; battery-operated lantern and extra batteries; prescription medication you take every day as well as non-prescription medication such as aspirin; large garbage bags and ties; portable container for important family documents; cash; fire extinguisher; matches in a waterproof container; blankets; canned food; hand-operated can opener; durable shoes for each family member; basic tools (wrench, hammer); and utility gloves.
- Review the insurance needs for your home and family. Consider the purchase of flood insurance. There is a 30-day waiting period before flood insurance becomes effective, so don't wait for the flood.
- Sign-up to receive calls from the Village in the event of an emergency.

Awareness

- Keep yourself informed of potential disasters. Monitor local television and radio stations for updated information.
- Listen for the Tornado Warning Sirens. These sirens are only set off when a tornado is imminent or has been sighted.

Response

- Activate your family's emergency response plan.
- In the event of a tornado, residents should immediately take shelter and turn on the emergency weather station on their radios. The ALL CLEAR will be given by the Emergency Weather Radio Network, not the Police Department. A second siren indicates a second tornado, not an all clear. Remember, you may have only a few minutes to react after a Tornado Warning Siren is set off. **Please do not call the Police Department for instructions. Recently, over 100 weather-related calls flooded both the emergency and non-emergency telephone lines in the Telecommunication Center and there were three other 9-1-1 emergencies occurring simultaneously.**
- In the event of a fire, get everyone out of the house, go to a neighbor's house and call 9-1-1 for help.

Recovery

- After the emergency, review your family's plan and update it as necessary.

Community Calendar

Labor Day

September 3, 2012 is Labor Day and Village offices are closed. If you have a problem the police are a phone call away at 847.883.9900 or in an emergency 9-1-1.

Village Club Kick Off

The Village Club invites all women of District 103 to attend its annual Kickoff Coffee and Cocktails on Wednesday, September 12, 2012 at the Lincolnshire Swim Club. The Coffee will be from 9:00 a.m to 11:00 a.m., while the Cocktails will be from 7:00 p.m. to 9:00 p.m. for more information, contact Village Club President, Beth Ann Fell at bfell@thevillageclub.info.

Dress Up Your Home For Autumn

The Lincolnshire Garden Club will present “Dress Up Your Home For Autumn” on September 20, 2012 at the Ryerson’s Welcome Center. Kim Hartman from Countryside Flower Shop, Nursery and Garden Center will share ideas for decorating your home with live plants. Coffee will be served at 9:30 a.m., a brief business meeting is scheduled for 10:00 a.m. For more information, visit the website at www.lincolnshiregardenclub.com.

Community Christian Church Annual Garage Sale

Community Christian Church will hold its Annual Garage Sale on Saturday, September 29, 2012 from 8:00 a.m. to 3:00 p.m. The church is located at 1970 Riverwoods Road. For more information contact Judy DeWald at 847.945.8824.

Lincolnshire Community Nursery School Open Registration

Lincolnshire Community Nursery School has openings available for the 2012 - 2013 school year. Open registration for the 2013 - 2014 school year will begin in November. For a school tour or more information, contact Director Amy Morrissey at 847.945.1450 or visit the website at www.lcns.org.

Trustee Liz Brandt, Mayor Brett Blomberg and Village Clerk Barbara Mastandrea

LCA Citizen Couple of the Year

The recipients of the LCA Citizen of the Year Award are Dave and Lucia Thoensen. Dave and Lucia have lived, worked and dedicated themselves to giving back to the Lincolnshire community. Whether it be their involvement with Rotary, Stevenson High School Foundation, Boy Scouts, Spring Lake Sports, the Community Christian Church or donating their resources and time to promote School District 103 projects or fundraisers for those in need, the task is never too small or large.

The Thoensens provide leadership, facilities, supplies and volunteer help whenever and wherever it is needed in Lincolnshire. This is a couple who lives, loves and supports the Village of Lincolnshire. Many thanks and congratulations to Dave and Lucia Thoensen!
